To: LCS School Committee

Fr: Paul Russo

Re: Principal's Report

1. Facilities/Maintenance:
 - a. Drinking water: We purchased water bottle filling stations to our fountains in the gym lobby, 3-5 wing, and the 6-8 wing. We hope to have them installed this week.
 - b. The security camera system received has been replaced. We are now working on replacement of cameras, which will give us much higher quality resolution. The new cameras are a fraction of the cost of the original, but will provide HD pictures.
2. Professional Development Day:
 - a. On Friday, 10/5, our staff will focus on student engagement and review of effective strategies of a Professional Learning Community. Both topics are directly related to our school goals.
3. Food Service:
 - a. The breakfast program averaged 57 students per day. We have had as many as 75 students participate on a given day. In the first month the program generated \$1,034.12 after food and equipment were paid for.
4. Testing:
 - a. Through our Fall NWEA and aimsweb Plus testing we were able to gather valuable assessment information. Teachers are in the process of examining the data and planning around student needs. This work is done in PLC meetings where staff members use a specific data review protocol to make informed decisions.
5. Busline League:
 - a. Brief description
 - b. Copies of the BLL Constitution passed out.
