Join us at the barn at George Hill Farm for an amazing camp experience! This is for children who can play a full game of chess! Learn bughouse (team chess) & play in the camp championship for trophies (everyone wins one on Friday, some are bigger than others)! Learn thinking and problem solving skills that help in school and in sports! Chess wires your child's brain for math, science and creative thinking by teaching logic and calculation. Problem solving skills are the basis of all learning and are key to success in school and the workplace!

I'm Bruce Haffner (my kids call me Mr Bruce) and I'd love to have your child(ren) at my camp! I taught chess for twenty years in Illinois before moving here in 2016. Currently I teach chess at CRES, CRMS, Lincolnville (2018 State Chess Champions in K/1, 4/6 and 2nd place in 2/3), Appleton, Hope (3rd in 2/3), Ames, Troy Howard (2nd in 7/8), Captain Albert Stevens and the Belfast Library. Campers come from as far away as Belfast to hone their skills! Wear sneakers and bring a lunch, drink and snack! Reserve your spot! Space is limited. Scholarships are available: Contact me! Parents are welcome anytime! Be a helper with your child & get free tuition. First come, first served. Register via email, pay when you get to camp. Full refunds at any time for any reason. Satisfaction guaranteed. Questions? Email BruceHaffner@gmail.com, call 847-987-3091.

The Camden Area Youth Seamanship Program (CAYSP) is open to anyone interested in learning to row and sail. The program is based out of the Camden Yacht Club nestled in the center of Camden harbor. We start learning about the boating world in rowboats and small sailing dinghies, working closely with friendly and enthusiastic instructors. CAYSP's student to instructor ratio is a 6:1. Small classes allow for hands-on learning by doing, making wonderful friends and appreciating our local environment. We are a welcoming and tight community, hosting a few popular annual events. Our approach is 1.) safety first 2.) making life-long friends and 3.) learning rowing and sailing. We follow guidelines and safety policies that are based and supported by the US Sailing Association with many of our instructors holding US Sailing Level 1 and 2 certifications. CAYSP is a wonderful way to spend part or most of your summer ~ getting to know the harbor, Penobscot Bay and the world of boating can be carried throughout all of our lives!

CAYSP 2018 Classes (see camdenyachtclub.org website): Scuppers (ages 6-7), Beginning Sailing (ages 8-10), Adventure Sailing (ages 11-13), Ocean Explorers (ages 8-12), Green Fleet Optimist Race (11-13), Opti Race Team (ages 11-14), 420 Race Team (ages 14 & up).

Dutch Soccer Academy believes in creating a fun and exciting soccer atmosphere for children to play and learn. We teach soccer by creating game situations and empowering our students to make good soccer decisions. DSA's curriculum incorporates the most current European player development techniques along with a rich history of proven training methods. Register today for a camp near you!

Background: DSA is a Maine based company with over 18 years of experience in developing players and building championship teams in a variety of communities. Leading our coaching team are directors, Robbie Krul of the Netherlands and Maine native, Tammy Krul. DSA camps are tailored to meet the needs of Maine soccer players and designed to develop each student's skill foundation and give them the knowledge they need to continue developing throughout the year. The effective curriculum is based on the cognitive soccer development needs of various ages and skill levels. Regardless if your child is a beginner or an advanced player, our experienced coaching team will maximize your child's potential and improve their knowledge of the world's most popular game. DSA players will gain the skills and knowledge they need to play with confidence and excel in their soccer league throughout the year.

Artsapes: Take Flight! with Kathie Gass and Shana Bloomstein

Monday through Friday, August 6 to 10, 9 a.m. to noon

Cost: 240, \$200 members (Scholarships available, please inquire.)

Young artists ages 8-12 are invited for a week of bird-inspired art making and movement. They will be informed by nature studies, walks through the museum's galleries, and a trip to the Audubon Project Puffin Center. Participants will learn about felting, painting, and storytelling through dance and choreography. Our week of flight will culminate in an informal offering of our works to share with friends and family. The sky's the limit!

*Instructor **Kathleen Gass** studied drawing and fiber arts at the State University of New York and has studied creativity at the University of Maine. She has been an art educator for over 30 years and currently teaches in the Belfast Public School system's Gifted & Talented program. **Shana Bloomstein** has studied dance throughout Maine, at Hampshire College, in New York City, and in Senegal, West Africa. She danced professionally as a member of Nia Love's Blacksmith's Daughter Dance Theatre Co. in NYC for 4 years and currently performs throughout New England. Shana is the artistic director of Women's Works.*

Summer Art Camp: Drawing and Painting Animals with Avis Turner

Monday through Friday, August 13 to 17, 9 a.m. to noon

Cost: \$195, \$165 members (Scholarships available, please inquire.)

In this week-long art camp, children ages 8 to 12 years old will learn to see like artists as they draw and paint animals. A number of pencil drawing techniques will be practiced and from there, we will use a variety of media, such as colored pencils, chalk, oil pastel, ink, watercolor, and collage. Each child will select an animal or two from which to compose a personalized and somewhat imaginary and magical portrait! We will draw from a variety of inspirations, including the work of animal-loving artists, writers and illustrators, as well as the golden Chinese Zodiac animal heads on view at the Farnsworth. The children will end the week with a wonderful portfolio of sketches and a final portrait.

***Avis Turner** is an artist and educator with degrees in childhood development and art education, as well as an MFA in sculpture. She has over 25 years of teaching experience in both public and private school settings, and studied the Reggio Emilia Atelier approach at Smith College and at the Eric Carle Museum of Picture Book Art. In this approach students are encouraged to be “constructors of knowledge” and “protagonists of their own learning”. See examples of her work at avisturnerart.com.*

Camp GOTR combines the best of Girls on the Run with all of the fun of camp! During this week-long session, 3rd - 5th grade girls will build friendships in a fun and inclusive environment that includes interactive games, being physically active, and expressing creativity through arts & crafts and storytelling. Led by caring and qualified GOTR coaches, Camp GOTR provides a one-of-a-kind opportunity for girls to develop self-confidence, learn life skills they can use now and as they grow, and have fun with friends.

Camp GOTR: Girls Have Power

During this dynamic week-long session, girls will learn about the power they possess to recognize emotions in themselves and others, and how to express their feelings through fun and interactive activities such as "Emotion Detective", building workshops, creative skits, and more!

Each day begins with an Opening Game and Morning Meeting. From there the structure is similar to that of a Girls on the Run lesson. Teams move on to the Learn section of the lesson, learning and understanding the theme of the day through games and activities. This is followed by the Play section of the lesson, an opportunity for girls get moving and practice new skills. Girls then re-group for the Create portion of the day when they spend time building, storytelling and doing art and craft projects. The girls close the lesson with a Compliment Circle and team cheer. Afternoon activities include workshops with special guests and community impact projects.

Age Group: 13+

Hours: Overnight expeditions

Weeks Offered: Multiple dates offered – 9 day, 15 day and 22 day courses in summer

Cost: \$2060-5190

Financial aid offered? Yes

Hurricane Island Outward Bound offers backpacking, canoeing and sailing adventures for middle school, high school, college and adult students. Our nine-day journeys are an opportunity for 13-14 year old middle school students seeking a fresh challenge in a unique wilderness environment and an intense team setting with a single activity. Longer courses for students aged 14+ offer increased challenge, and more opportunities to apply learnings – often in a multi-activity progression.

Our courses for middle school students are designed to have participants build confidence by working on an “I can do it” attitude; gain an identity by realizing the strengths they have in taking responsibility; and know they belong to their crew. Students will build a strong team as they attain specific daily goals; each team member has a specific leadership role, ensuring all contribute to the group's success. They will leave course knowing “we did it together!” Students will learn the meaning of being “crew, not passengers” as they exhibit and practice compassion toward each other and the environment.

HURRICANE ISLAND CENTER FOR SCIENCE AND LEADERSHIP

Cost: \$1400 one-week/\$2500 two-week

Financial aid offered? Yes

The Hurricane Island Center for Science and Leadership provides extraordinary opportunities to discover what it takes to make a difference in the world - as students, scientists, citizens, and leaders! Sitting 12 miles off the coast of Rockland, Maine, this beautiful off-the-grid community is an ideal setting for middle and high school programs in science, sustainability, and leadership. Our hands-on one or two week summer programs invite students to immerse themselves in the natural world, challenging them to explore and ask questions like trained naturalists in marine and terrestrial ecosystems. Programs are small (with a maximum of 12 students) and are led by trained field scientists and educators, providing a level of instructor expertise and maturity you won't find in other summer experiences. No day is complete without hiking, swimming, sailing, or rock climbing. Come participate in our field science and leadership programs and make memories and friendships that last a lifetime!

In the spirit of Bernard Langlais, children will become artists and naturalists while exploring the glorious setting of the preserve. Each week children will discover new connections between art and nature, while having fun with literature and journals. Campers' collaborative projects will become part of the permanent art at the Langlais Sculpture Preserve. There are six week-long art camps to choose from.

June 18-22 – BLOOMS and BUTTERFLIES

Plant a garden with native Maine flowers to attract butterflies and caterpillars! Learn about life cycles, make butterfly kites, and design colorful works of art!

June 25-29 – WE are ALL ARTISTS

Just like Langlais, young people are artists too. Work with wood, sculpt animals from natural materials, and become an animal expert. Campers will create their own art and contribute to a large-scale group animal kingdom sculpture.

July 9-13 – BOOK IT!

Make your own books and design a Kid's Illustrated guide to Langlais Sculpture Preserve using beautiful papers, stamps, and drawing materials. You'll learn about the artist and experience the trails, as a maker and illustrator of books!

July 16-20 – OFF the BEATEN PATH

Explore the trails at the Langlais Sculpture Preserve! Discover animal tracks, make mind maps, and find nature's clues. Kids will make connections between art and the landscape using their senses and imaginations!

July 23-27 – PERFORMING with PUPPETS

Create an original animal puppet and become part of a puppet theatre production. Have fun with costumes and sets. Campers will put it all together in an end-of-week puppetry performance.

July 30-August 3 – BLOWIN' in the WIND

Experiment with design, fabrics, and color, while finding connections between science and art. We'll create wonderful windsocks and learn about wind and weather patterns.

Toddy Pond Farm camp offers children and young adults ages 4-11 the opportunity to experience hands on farming on a working, grass fed, organic dairy farm. Through work with the animals, gardening, and nature exploration our time together will emphasize the connection between healthy pastures, healthy animals, healthy food, and a healthy planet.

Participants will start the day in morning circle gathering together to make a plan for the day. From there we'll head out for our morning "farm walk" a daily check-in with each of the animals to make sure everyone looks safe and has all their needs met. With Guides, Jasmine and Rowan, and Farmers Heide and Greg, we'll visit each of the animals, taking time to observe, interact, and ask questions. We'll discuss the importance of each farm breed to the sustainability of the farm and the larger eco-system. Following the campers leads and interest there should be plenty of time for visiting with the various creatures at the farm, including Gloucestershire Old Spot pigs, Jersey cows and calves, sheep, hens, chicks, goats, and dogs.

Following the farm walk we'll break for snack, before heading out for our field/forest exploration.

Toddy Pond Farm offers a rich variety of natural areas for campers to explore. We'll rotate daily between forest exploration on the side of Houstus Hill (the tiny mountain where TPF makes its home), stream and pond exploration at the fishing hole and on the banks of Toddy Pond, and working in the vegetable garden. This time will include observation, stories, games and craft projects focused on nature connection.

At noon we'll return to the shade of the Long Barn where campers and guides will enjoy lunch together. Afternoons will be a relaxed mix of large group games, simple art, reading, and forest play with Rowan and other guides.
