

Dear Sixth Grader,

June 2017

Congratulations! You have completed your first year at CRMS! We hope it was a great experience for you. We are working hard this summer planning future events to make your sixth grade year just as terrific. We hope you learned many new concepts and skills in science, math, social studies, and language arts this year. Most of all, we hope you have learned some things about yourself and what kind of student you want to be. The summer is a great time to be making some new resolutions about your study habits.

Right now, it's time to have some fun. You have the whole summer to play with your friends and have family time. You'll be able to work on hobbies, play computer games, read, go swimming, and maybe go away on vacation. We, your teachers, will be busy working at school or taking courses this summer, but we are also looking forward to doing many of the same things that you like to do when we have free time.

We know that summer flies by all too fast and before you know it, it will be August 1st and you'll start thinking about coming back to school. We have attached a list of school supplies that you will need for the opening of school. You really won't need anything else, just what is on the list. Your homework planner will be given to you on the first day of school.

The list is on the back of this letter. Have a great summer!

The 6th Grade Teachers
