

NOTICE OF PUBLIC BID: Pursuant to the Camden Rockport Schools District bid policy, we are soliciting bids for the replacement of the Camden Rockport Elementary School Heating & Cooling plant. Bids scheduled to be opened in public on 1-26-2024. Camden Rockport Schools District has partnered with Energy Management Consultants, out of Portland, Me to manage this project. Resolutions authorizing improvements to be purchased, via successful Bond vote on: 11/17/2023

PROJECT CONTACT: Erik Rodstrom, PE, CEM, CMVP. Energy Management Consultants (EMC) 55 Industrial Way Portland, Me. 04103
EMAIL: erodstrom@emcinc-online.com

PROJECT INFO: For drawings and scope documentation please contact the aforementioned email from EMC. EMC will be conducting onsite walk-throughs upon request. Brief scope includes the removal of the existing heating/cooling plant (geothermal) and installing a new chiller and boiler system including new piping, electrical modifications, and building automation changes. The scope also includes a VRF system to be added to part of the school to provide improved heating and cooling capabilities.

Proposals Due: 1/25/24
